The World Peace Diet, a #1 Amazon best-seller, has been called one of the most important books of the 21st century: the foundation of a more conscious society based on the truth of the interconnectedness of all life. It is the first book to make explicit the invisible connections between our meals and our broad range of problems—psychological, social, and spiritual, as well as health and environmental. It offers powerful ways we can all experience healing and contribute to a positive transformation of human consciousness. Dr. Tuttle is an inspiring presenter with a compassionate vision. You won't want to miss this opportunity!

"I've never seen an audience so attentive and enraptured as when Will Tuttle speaks."

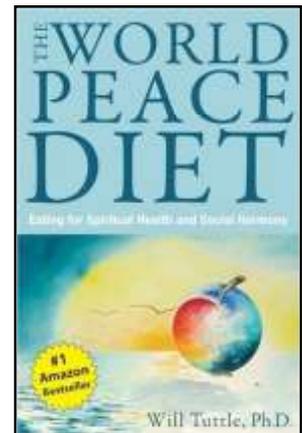

Tench Phillips, president, Art Repertory Films, Norfolk, VA

*"**The World Peace Diet** is one of the most provocative books I've ever read. This is a deep book, aglow with insights that penetrate and expose the complacency of a culture that has strayed painfully far from compassion."* - **John Robbins**, noted author
