Messages for Laura

The program will include the list of performers, and also personal messages for Laura. Messages can consist of memories and gratitude for Laura to take with her to Eugene Oregon when she moves in June. She was one of the founders of the Atlantic Highlands Arts Council and the Sounds of the Highlands, Jr. concerts for young performers. She will be missed for her positive outlook on life, her amazing teaching ability, her wonderful piano playing, and her work as musical director at Unity by the Sea.

Here is an opportunity to write a note to Laura, perhaps include a picture, thanking her for what has been important to you and/or to your family.
